*“ I have regained my confidence because of my treatment and intend to resume my sport activities. ”*

Amanda, Houston, TX

*“ To my amazement I shut off a medium strong stream. I could not do that before! ”*

Karen, Boston, MA

## WHO IS THE RIGHT **CANDIDATE** FOR EMSELLA?

EMSELLA is a great option for women of any age who desire solution for urinary incontinence and improvement in their quality of life.

## HOW LONG IS THE **TREATMENT**? HOW MANY SESSIONS DO I NEED?

Your provider will tailor a treatment plan for you. A typical treatment takes about 30 minutes and you will need about 6 sessions, scheduled twice a week.\*

## WHAT DOES THE **PROCEDURE** FEEL LIKE? IS IT PAINFUL?

You will experience tingling and pelvic floor muscles' contractions during the procedure. You may resume daily activities immediately after the treatment.

## HOW FAST WILL I SEE **RESULTS**?

You may observe improvement after a single session. The results will typically continue to improve over the next few weeks.

## BODY AGING, CHILDBIRTH, AND MENOPAUSE CAN LEAD TO **INCONTINENCE**.

### **BEFORE**

Pelvic floor muscles insufficiently support pelvic organs and affect bladder control.

### **TREATMENT**

EMSELLA effectively stimulates pelvic floor muscles.

### **AFTER**

Stimulation leads to regained control over pelvic floor muscles and bladder.
